**CENTRAL PLATTE VALLEY METROPOLITAN DISTRICT
2024 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Services Provided

The District was formed on June 2, 1998, with its formation election held on May 5, 1998. The election approved an increase in taxes of \$660,000 annually for general operations and maintenance; general obligation indebtedness of \$41,920,000 for streets, \$1,830,000 for safety controls, \$11,100,000 for water facilities, \$500,000 for sewer facilities, \$1,400,000 for parks, and \$250,000 for general operating costs, special obligation revenue bonds payable solely from appropriations and payments from the City and County of Denver of \$9,225,000 for streets, \$225,000 for safety controls, and \$2,550,000 for parks, and provided that the District could retain revenue in excess of fiscal year spending. In subsequent elections held in 2000, 2004, and 2005 District electors renewed the District's debt authorization for a total cumulative amount of \$197,000,000.

In accordance with its Service Plan, the District was formed to provide for the design, construction, installation, financing, and acquisition of certain street, safety protection, water, sanitation, and park and recreation improvements in its service area in Denver County.

The District issued bonds/debt in 1998, 1999, 2001, 2005, 2006, 2009, 2013 and 2014 for capital outlay, operations, and refunding. The District and the City have negotiated an Infrastructure and Open Space Agreement, which was amended in 2001 and 2010 to provide for the sharing of costs for certain infrastructure.

Subsequent to the issuance of the Series 2001 bonds, approximately 40% of the land area within the District was excluded for operating purposes. This excluded property remains responsible for payment of the debt service on the debt outstanding at the date of exclusion.

On February 19, 2013, an order and decree was filed and granted in the District Court of Denver County organizing the Central Platte Valley Coordination Metropolitan District (Coordination District). The Coordination District was organized to implement a multi-district structure to more effectively accommodate both residential and commercial development within and without the District's and the Coordination District's physical boundaries.

The Coordination District is entity responsible for coordinating the operation and maintenance of all public services and improvements throughout the development. The Coordination District intends to enter into such necessary and appropriate agreements with the District and other governmental and non-governmental entities to provide for the operation and maintenance of all of the improvements and the provision of public services not otherwise dedicated to third party entities.

The Coordination District shall be dependent upon the District and other governmental entities and third parties for the generation and advancement of funds. The Coordination District shall have no power to issue any debt and no authority to impose a mill levy upon any property within or without its boundaries. Rather, the primary source of revenue available to the Coordination District is based upon its ability to enter into inter-governmental agreements with other governmental entities (IGAs). The basic nature of these IGAs would be for a governmental entity with taxing or other revenue-generating authority (such as the District) to transfer revenues to the Coordination District, which would then use the funds to the benefit of the entire development.

The District has no employees, and all administrative functions are contracted.

**CENTRAL PLATTE VALLEY METROPOLITAN DISTRICT
2024 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Services Provided – (continued)

The District prepares its budget on the modified accrual basis of accounting in accordance with the requirements of Colorado Revised Statutes C.R.S. 29-1-105 using its best estimates as of the date of the budget hearing. These estimates are based on expected conditions and its expected course of actions. The assumptions disclosed herein are those that the District believes are significant to the budget. There will usually be differences between the budget and actual results, because events and circumstances frequently do not occur as expected, and those differences may be material.

Revenues

Property Taxes

Property taxes are levied by the District’s Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or, if in equal installments, at the taxpayer’s election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

For property tax collection year 2024, SB22-238 and SB23B-001 set the assessment rates and actual value reductions as follows:

Category	Rate		Category	Rate		Actual Value Reduction	Amount
Single-Family Residential	6.70%		Agricultural Land	26.40%		Single-Family Residential	\$55,000
Multi-Family Residential	6.70%		Renewable Energy Land	26.40%		Multi-Family Residential	\$55,000
Commercial	27.90%		Vacant Land	27.90%		Commercial	\$30,000
Industrial	27.90%		Personal Property	27.90%		Industrial	\$30,000
Lodging	27.90%		State Assessed	27.90%		Lodging	\$30,000
			Oil & Gas Production	87.50%			

The calculation of the taxes levied is displayed on page 3 of the budget at the adopted mill levy of 19.000 mills for the Operating District and 7.000 mills for the excluded property.

Specific Ownership Taxes

Specific ownership taxes are set by the State and collected by the County Treasurer, primarily on vehicle licensing within the County as a whole. The specific ownership taxes are allocated by the County Treasurer to all taxing entities within the County. The budget assumes that the District’s share will be equal to approximately 5.00% of the property taxes and TIF taxes collected.

**CENTRAL PLATTE VALLEY METROPOLITAN DISTRICT
2024 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Revenues – (continued)

TIF Taxes

During 2008, the Denver Downtown Development Authority (DDA) was created to help finance the Denver Union Station Project. The Denver Union Station Project is adjacent to the District, and a portion of the District is included within the boundaries of the DDA. The DDA has the statutory authority to use Tax Increment Financing (TIF) for 30 years, or until 2039.

Tax Increment Financing allows the DDA to collect property taxes on the assessed value of real property within the District that is greater than a base amount established for the District, which base amount is the assessed value as of the date of the formation of the DDA in 2009. The District and the DDA have entered into an intergovernmental agreement whereby the DDA will not retain any of the District's TIF increment collected from the increase in AV above the base amount but will return all collected amounts to the District within 30 days of receipt. It is estimated that in 2024 the District will receive approximately \$5,169,907 under this agreement, as the DDA has waived any interest in these TIF taxes.

Net Investment Income

Interest earned on the District's available funds has been estimated based upon an average interest rate of approximately 4%.

Expenditures

Administrative and Operational Expenditures

On October 8, 2013, the District entered into an intergovernmental agreement with Central Platte Valley Coordination Metropolitan District. Per this Agreement the District will transfer \$3,200,000 to the Coordination District, to be used to cover general government, operation and maintenance expenditure, as well as the security and maintenance of areas within the District and the excluded area, including the Union Gateway Bridge, 17th Street Gardens, and the Millennium Bridge, fountain, and elevators, per the IGA's mentioned above.

Administrative expenditures budgeted for the District include the services necessary to maintain the District's administrative viability such as accounting and audit, insurance, legal, management, and other expenses directly attributable to the District.

Debt Service

Interest and principal payments are provided based upon the debt amortization schedules for the 2022A and 2022B Loans as detailed on pages 5, 10 and 11 of the Budget (discussed under Debt and Leases).

Capital Outlay

The 2024 anticipated expenditures are detailed on page 6 of the budget. \$350,000 will be transferred to the Coordination District to fund administrative capital expenses.

The 2013 Bonds will be redeemed on September 5, 2023.

\$15,840,000 General Obligation Refunding Loan Series 2022B (2022B Loan), dated June 15, 2022, with a taxable interest rate of 5.10% converting to a non-taxable interest rate of 4.15% on September 5, 2023, payable on June 1 and December 1. The 2014 Bonds will be redeemed on September 5, 2023.

The District has no operating or capital leases.

Reserves

Emergency Reserve

The District has provided for an emergency reserve equal to at least 3% of the fiscal year spending for 2024, as defined under TABOR.

Reserve for Future Rebates

The District has set aside funds for the possibility of property tax rebates/refunds in connection with property valuation protests that had not been adjudicated as of the date of mill levy certification for 2024.

Reserve for Capital Replacement

The District has established a reserve for the replacement/enhancement of major structures within the District, including the Millennium Bridge and the Union Gateway Bridge. In 2018, the District commissioned a reserve study for the planned maintenance and repairs of the District's bridges, elevators, landscaping and back of curb improvements through the next 30 years.
